WATER. BUBBLES. WONKY* FRUIT.

No Calories – No Sugar – No Sweeteners

*We infuse our super tasty waters with real, wonky fruit. That's bent, crushed, curved, knobbly, misshapen fruit which others say no to. By accepting the misfits we are helping to reduce food waste.

How to
JUICE A DRIED FRUIT

Prune juice differs from other fruit juices in that it is not made by squeezing fresh fruit. Instead dried plums (prunes) are rehydrated using boiling water and then strained to remove the stones, seeds and skin.

Prunes are traditionally dried from plum varieties that are smaller and denser than the juicier eating varieties. Our prunes come from Ente plums, the same variety as the famous D’Agen prune.

The Pickle House was established in 2014 in Hackney, London. Our award winning Bloody Mary Mix is a blend of tomato juice, spices and our very own Original Pickle Juice; adding a smooth, strong, unforgettable flavour. Serve over ice either on its own or with a shot of vodka and a slice of cucumber to make a seriously good Bloody Mary.

BILLINGTON'S GINGERBREAD
SINCE 1817

Since 1817 the artisan bakers of Market Drayton, Shropshire, have been keeping a closely guarded secret: the coveted recipe of Billington's Gingerbread. With links to the ancient spice routes, Billington's Gingerbread, is still crafted today using one of the oldest gingerbread recipes in the country. With a blend of secret spices, a dash of rum and the smooth velvety of golden syrup, Billington's Gingerbread is composed into crisp gingerbread fingers that are perfect for dunking!

An Italian passion since 1899, the focus on quality, from selection of seeds, to harvest and production, the attention to each single step in the whole chain and the passion for tomatoes.

The Island Smokery have been smoking on the island for over 10 years. Our smoking process uses only high quality wood supplied by craftsman Eoin Leonard, from Stromness based Celtic drum makers, Belgarth Bodhrans. We take all of Eoin's offcuts and unwanted wood, which reduces his waste and avoids the need for us to transport suitable wood into Orkney.

I started Single Variety Co. back in 2016 determined to make the very best tasting fruit preserves and chilli jams that you can buy.

All of our products showcase just one single variety. We buy our fruit and chillies directly from the farm, choosing the best tasting varieties for our jams. Then we cook them in small batches for as short a time as possible to create the freshest and tastiest flavour.

Our new seasonal flavour, Black Bursa Fig Preserve, launches in September. Absolutely delicious with cheese and a must have for Christmas.

ODYSEA

FEEDING CONVERSATION

Odysea honey is produced in mainland Greece by artisan bee keeper Alexandros Gousiaris.

Alexandros has worked closely with us since 1996 and produces our entire range of honey. He lovingly tends to his hives throughout the year, moving them seasonally to give the bees access to different native herbs and flora as well as to protect them from harsh winter weather. Thanks to this movement and care the honeys boast distinct flavours and are of an exceptionally high quality.

Our honey is cold extracted, unpasteurised and unprocessed and it's these traditional production methods that ensure the nutritional values of our exceptional tasting honeys remain.

Odysea honey naturally contains on average
29% less sugar than other honey brands*

*Action on Sugar at Queen Mary University of London analysed 102 honeys from UK supermarkets & found Odysea honey to have the least sugars per 100g, March 2019
