SPARKLING BOTANICALS

NEW

Nuisance Drinks create premium, sparkling botanical soda mixers that celebrate the wild side of nature. Sip or mix them, each of their drinks can be enjoyed straight up or served with the finest spirits. Inspired by the great outdoors and founder Hugo's family recipe, Nuisance set out to champion the unsung heroes in nature - turning hedgerow botanicals, often considered a nuisance, into daringly delicious drinks for your tastebuds to explore. They launched their trio of soda mixers in June 2021, using quirky and unique flavour combinations that are refreshingly good, with no stings attached!

THE MILLER'S

GUIDE TO TOPPINGS

PRAWN A favourite for fans of oxymorons: King Prawns are known as Jumbo Shrimp in the States. Whatever your view on this kind of word play, prawns are awfully good when paired with Miller's savoury crackers.

PASTRAMI The spiritual home of Pastrami is Katz's Deli, the setting for Meg Ryan's famous scene from 'When Harry Met Sally'. This is your chance to have your own "I'll have what she's having" moment.

HAM A ham, mustard and Miller's cracker pairing is a timeless classic that is simple and satisfying. Provided you don't make a ham-fisted attempt at putting it all together of course.

SMOKED SALMON A 'Salmon Run' is the migration undertaken by salmon when they return to fresh rivers from the ocean to spawn. A 'Chicken Run' is a British animated comedy from 2000 that's unrelated, but well worth a watch.

SALAMI Roman Legionaries were paid in salt, and this 'salary' preserved meat, in much the same way that salami is cured today. However, it is believed Romans would cut their salami using a pair of Caesars.

CAVIAR Alexander the Great's conquering armies marched for over 1500 miles before reaching the Caspian sea. Famed for its caviar, the journey there was certainly a tough row to roe, even for those with a surname like 'the Great'.

HUMMUS Lebanese chef, Ramzi Choueriri, made the world's largest ever bowl of hummus in 2010, when he whipped up more than 10 tons of the stuff. Ramzi presumably also has the world's largest fridge.

ANCHOVIES Fishermen catch anchovies by night, as their silver outlines glimmer under the light of the moon. You can recreate this effect with the light of your fridge if you indulge in a little midnight snack with Miller's crackers.

TUNA The average Atlantic bluefin tuna can grow to a whopping 6ft in length. However, just a small portion with a little mayonnaise and a Miller's cracker is all you need to satisfy the average human.

AVOCADO A 'food porn' favourite, up to 3 million photos of avocado and toast are uploaded to Instagram every day. French King Louis XIV was an early influencer. He regularly scoffed Avocados down in an attempt to restore his libido.

The Miller's family of crackers to partner fine food.

Miller's Elements, Miller's Toast, Miller's Harvest & Miller's Damsel. *Cut from a different crop.*

BILLINGTON'S GINGERBREAD

SINCE 1817

Since 1817 the artisan bakers of Market Drayton, Shropshire, have been keeping a closely guarded secret: the coveted recipe of Billington's Gingerbread. With links to the ancient spice routes, Billington's Gingerbread, is still crafted today using one of the oldest gingerbread recipes in the country. With a blend of secret spices, a dash of rum and the smooth velvetiness of golden syrup, Billington's Gingerbread is composed into crisp gingerbread fingers that are perfect for dunking!

PROPER

Proper. Small word, big ambition. PROPER has spent the last 8 years obsessing over flavours, ingredients and snacks Done Properly. Born out of memories of making popcorn as a child, Cassandra made the first batches of PROPERCORN in her mum's kitchen, tumbling kernels in a refashioned cement mixer! Since then, their team have continued to do things differently, creating delicious snacks that never compromise on health.

Born from a light bulb moment sat at the bar of a bustling taqueria as they scooped zesty & fresh salsa onto perfectly hot, crunchy totopos. There and then, they decided that they would put their masa where their mouth was and bring the colour, flavour and excitement of global street food home.

GF Ancient Grain Tortilla Chips - NEW	BIO/003	12 x 170g	27.90	2.33

In pursuit of the perfect tortilla, our founder Phil set out on what would become quite a serendipitous journey across Mexico. Visiting the milpas, molinos and tortillerias, he picked up a new nickname - Blanco Niño - and learnt the secret to making truly authentic tortillas. It's this thousand-year-old recipe that he brought back to Ireland to create these delicious tortilla chips.

Traditionally Mexican. Unexpectedly Irish.

TONY'S MANIFESTO

Right now there is modern slavery on cocoa farms in West Africa. This is a result of the unequally divided cocoa chain. Tony's Chocolonely exists to change that.

Our vision is 100% slave-free chocolate. Not just our chocolate, but all chocolate worldwide.

With incredibly tasty chocolate we lead by example and show the world that chocolate can be made differently: in taste, packaging and the way we do business with cocoa farmers.

Alone we'll make slave-free chocolate but together we can make all chocolate 100% slave free. So we ask you to join us.

The more people choose slave free and share our story, the sooner 100% slave free becomes the norm in chocolate.

The choice is yours. Are you in?

CRAZY ABOUT CHOCOLATE, SERIOUS ABOUT PEOPLE

confectionery

Tony's Chocolonely is a Dutch confectionery company producing and selling chocolate closely following fair trade practices, opposing chattel slavery and child labour by partnering with trading companies. With incredibly tasty chocolate we show the world that chocolate can be made differently.

Proper Nutty, the UK's only Smunchy peanut butter; is an artisan peanut butter that is perfect for spreading, baking, smoothies and dipping. Containing no palm oil or added sugar, suitable for vegans and being gluten free, each jar of Proper Nutty is packed with peanuts and delivers a completely unrivalled taste. High-oleic Argentinian peanuts are slowly roasted in small batches to develop a rich roasted flavour, before being carefully ground to a unique 'Smunchy' texture which is smooth enough to spread on your toast but retains a delicious nutty crunch. The still-warm peanut butter is poured into 100% recyclable glass jars or tins which preserve the full flavour and aroma of the peanut butter; whilst being a sustainable, plastic free packaging format. 'Nowt but Nuts' is 100% peanuts and 'Slightly Salted' has only natural Cornish sea salt added; it's peanuts, sea salt and passion, nothing more!

At Mr Organic we make delicious produce that is loved by people and good for the planet! Mr Organic started with 3 friends who had a vision to create food as nature intended. They wanted to make a positive change in the way people eat whilst respecting the planet. Mr. Organic started with a delicious range of tomatoes, sauces and ketchups all produced in our own tomato factory in Pontinia, south of Rome 11 years ago. Since then our range has expanded to include pasta, biscuits, flatbreads, antipasti and many more sumptuous products! At Mr Organic our food is made with love, for the planet. Just yummy naked goodness!

Thursdays Cottage have been hand making their products in small batches for over 55 years since the business was originally based in a little cottage of the same name in Somerset. Their production area was moved to Tiptree, Essex in 2001 but little else has changed especially with the way they produce their delicious products. Their cooks carefully watch over the small batches whilst they are bubbling away so that they get the care and attention they need to be extra special, they then hand pour their Jams & Marmalades into traditional jars so that the final product contains the most whole fruit possible to ensure a more flavoursome preserve.

I started Single Variety Co. back in 2016 determined to make the very best tasting fruit preserves and chilli jams that you can buy.

All of our products showcase just one single variety. We buy our fruit and chillies directly from the farm, choosing the best tasting varieties for our jams. Then we cook them in small batches for as short a time as possible to create the freshest and tastiest flavour.

Now available, our popular Passionfruit Preserve. Great Taste Award winning, it's fruity, tangy and delicious with yoghurt.

The Island Smokery have been smoking on the island for over 10 years. Our smoking process uses only high quality wood supplied by craftsman Eoin Leonard, from Stromness based Celtic drum makers, Belgarth Bodhrans. We take all of Eoin's offcuts and unwanted wood, which reduces his waste and avoids the need for us to transport suitable wood into Orkney.

Bennett Opie are part of one of the oldest private family-owned food companies in the country having been in business since 1880. Locally we are referred to as the 'Pickle People' rather fitting we think. This is because we have been at our current location in Sittingbourne, Kent since 1929 manufacturing our extensive range of quality pickles and preserves, enjoyed by families in the UK and across the world.

Many of our products have become "family favourites" such as our world famous pickled walnuts, our cocktail cherries and our delicious cocktail gherkins. PETER'S YARD

TIME WELL SPENT

At Peter's Yard, we know good things take time. Our sourdough crackers are made from a 45-year-old sourdough starter, fermented for 16 hours before each batch is baked. Crafted without shortcuts or artificial ingredients for award-winning flavour and crunch.
